CODE OF ETHICS

We, the members of the GreenPlumbersUSA Licensing Network, in recognition of the importance of our service in affecting the conservation of water and energy through the plumbing industry and throughout the world, and in accepting a personal obligation to our profession, its members and the communities we serve, do hereby commit ourselves to the highest ethical and professional conduct and agree:

- to promote, without fail, water and energy conservation principles and products for the good of our customers, our community, and our society
- to comply with GPUSA's continuing educational requirements
- to adhere to honesty and integrity and to generally accepted principles of professional conduct
- to not engage in any practice, which tends to corrupt the integrity of GPUSA or GreenPlumbers International Pty Ltd
- to make proper, just, and prompt payment for all contractual obligations
- to treat fairly all persons regardless of such factors as race, religion, gender, disability, age, or national origin
- to avoid injuring others, their property, reputation, or employment by false or malicious action
- to assist colleagues and co-workers in their professional development and to support them in following this code of ethics.
